

# FEATURES

**EVENTS STORED TO CLOUD**  
Rather than storing your events locally, we upload all events to our cloud servers. This gives you to view footage, even if your cameras have been damaged or stolen. This sets JOBCAM apart from its competitors.

**AI SMART MOTION DETECTION**  
Our AI motion detection technology helps focus on humans and vehicles. The device will only trigger an alarm when the preset intrusion type (human or vehicle) takes place. Videos related to the alarm events are then sorted into human and vehicle categories for easier footage searches.

**FULL COLOUR AT NIGHT**  
ColorVu Technology enables our cameras to produce full colour videos even in extremely dimly lit environments. Rather than Black and White grainy videos at night, our cameras gives you the ability to identify people and vehicles easier by giving you full colour 24/7.

# SITE SECURITY PROTECTION

**SECURITY PROJECT MANAGEMENT TIME-LAPSE**

**View your properties anywhere, anytime!**

We strive to offer the best in Site Security Services for hire. Our Solar Powered Security Camera Systems can monitor and protect your site and assets.

With 24/7 visibility, take control and reduce your risk of theft and crime. Whatever your site requirements, we have a camera to suit your needs with both in ground and above ground installation options available.

# INSTALLATION OPTIONS

## IN GROUND

- 1 x 4m aluminum pole
- 1 x Secure in ground spike
- 600mm in ground spike
- Requires access to the ground
- Can't be installed on concrete

## ABOVE GROUND

- 1 x 4m strong steel pivoting pole
- 1 x Above ground, weighted modular steel base, 400kg OR
- 1 x IBC Water Fillable
- Size of base is that of a standard pallet
- Ground needs to be flat and sturdy to hold the weight

Lifting Equipment Req.

No Lifting Equipment Req.

# OPTIONAL ADD ONS

## TIME LAPSE - FREE, just activate it.

Photos are captured, when activity occurs on your site, and saved to the Cloud server. When your project finishes, we will produce a 1-2 min Time-Lapse video at no extra charge.

## SECURITY MONITORING

JOBCAM can provide 24/7 professional off-site monitoring. This can take the responsibility away from your staff after hours.

## LICENSE PLATE RECOGNITION

JOBCAM can capture number plates, allowing you to search and download events relating to all vehicles

## TURRET CAMERA
